This is the fourth office action for application number 10/817,425, Fan Mounting Spacer Assembly, filed on April 2, 2004.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance: the primary reasons for the allowance of the claims in this application are the limitations of a spacer configured to mount a fan housing to a surface of a structural support, the spacer including a body, a first aperture passing through the body, the first aperture having a first length through the body, a second aperture passing through the body, the second aperture having a second length through the body, the second length different than the first length, a third aperture passing through the body, the third aperture having a third length through the body, the third length different than the first and second lengths, wherein the body has first, second, and third orientations with respect to the fan housing and the support, essentially included in independent claims 1 and 18 and in combination with the other elements cited in the respective claims, which are not found in the prior art of record. Also see applicant's remarks dated January 30, 2006 in regards to the Pray reference, which is the closes references to applicant's claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
